

## ezRack Solar Ballast Fix

**solarF ID:FSTCL003**

The ezRack Solar Ballast Fix has been developed to fix with the universal PV modules installation on the roof or open space ground. The innovative and patented designs make it easy to connect multi-units to be the whole to meet the practical demand on the installation site. The high degrees of pre-assembly eliminate the need for onsite cutting or welding and enables quick and easy field PV module installation.

- Easy Installation
- Great Flexibility
- Excellent Compatibility
- Excellent Adaptability
- Designed to high standards
- Guaranteed Durability

Items	Parameters
Installation Site	Open space ground
Module Slop	Up to 60°
Height	Up to 20m
Wind Load	60m/s
Snow Load	1.4KN/m <sup>2</sup>
PV Modules	Framed
Module Orientation	Vertical
Module Width	Any
Standard	AS/NZS 1170 and other international standards
Support Rail	Extruded aluminum
Color	Natural
Warranty	10 years durability on material
