

ezRack Solar Matrix

solarF ID:FSTCL004

The ezRack Solar Matrix has been developed to fix with the universal PV modules installation on the roof or open space ground. The innovative and patented aluminum bracket, Z module make it easy to connect multi-units to be a whole to meet the practical demand on the installation site. The high degrees of pre-assembly eliminate the need for onsite cutting or welding and enable quick and easy field PV module installation.

- Easy Installation
- Great Flexibility
- Excellent Compatibility
- Excellent Adaptability
- Designed to high standards
- Guaranteed Durability

Items	Parameters
Installation Site	Roof or open space ground
Module Slop	Up to 60°
Height	Up to 20m
Wind Load	60m/s
Snow Load	1.4KN/m ²
PV Modules	Framed
Module Orientation	Vertical
Module Width	Any
Standard	AS/NZS 1170 and other international standards
Support Rail	Extruded aluminum
Color	Natural
Warranty	10 years durability on material
